

**You are invited to  
a hosted webinar**

**PLAC**<sup>®</sup>  
Test for Lp-PLA<sub>2</sub>

Uncover hidden risk for  
heart attack and stroke

## **“Introduction to the PLAC Test for Lp-PLA<sub>2</sub>”**

The PLAC Test is the only blood test cleared by the FDA to aid in assessing risk for both coronary heart disease and ischemic stroke associated with atherosclerosis. View this short webinar, presented by Michael Wegner, Ph.D., as an introduction to the PLAC Test for Lp-PLA<sub>2</sub>.

**Thursday, November 19, 2009**

**1:00 PM (PST)**

**<http://www.plactest.com/webinar/>**

**Question and Answer session,  
hosted by Dr. Wegner,  
immediately following.**

### **Dr. Wegner discusses the following key topics:**

- Background and Lp-PLA<sub>2</sub> Mechanism of Action
- Clinical Evidence
- Testing, Prognosis and Treatment
- Therapeutic Intervention

### **Michael Wegner, Ph.D.**

Dr. Wegner has over 25 years of experience in health risk assessment and cardiac rehabilitation. He is a well-respected speaker in the field of cardiovascular disease risk identification and continues to advise the medical community on the latest developments in risk assessment. Michael holds a B.S. from Kansas State University and a Ph.D. in Health and Human Performance from Oregon State University.
